SUBJECT: Inter-school TWSMUN 2025 – Delegate and Chair Applications Open

Dear Students and Parents,

Greetings and good wishes from The Westminster School – Dubai!

We are proud to announce that registrations are now open for our upcoming inter-school event, '**TWSMUN 2025**'! This transformative three-day Model United Nations conference will take place from **January 31st to February 2nd, 2025,** promising an exceptional platform for delegates to engage, debate, and innovate.

TWSMUN offers schools the opportunity to bring their students together for a conference that goes beyond a mere simulation of the United Nations. It is a unique initiative for enthusiastic students to discuss global topics and challenges on a profound level. The conference provides students with the chance to engage with like-minded peers on issues that interest them. Participants in this event enhance key skills that are becoming increasingly essential for the younger generation, including debating, critical thinking, and creative problem-solving. Additionally, students are eligible to win prestigious awards based on their performance throughout the conference.

The theme of this year's conference is ***"Technology and Diplomacy: Navigating through the digital age"***, which emphasizes the role of technology in shaping international relations and addressing global challenges, offering an intellectually stimulating experience for all participants. This year, we have carefully selected 11 committees tailored to different year groups, ensuring discussions that are both age-appropriate and impactful.
