- Shapes that challenge traditional perspectives
- Creative use of positive and negative space
- Light and shadow interplay
- Three-dimensional form exploration
- Diverse texture applications
- Dynamic color compositions

Exhibition Details:
Date: January 20th and 21st, 2025
Time: 8:00 AM - 2:00 PM
Venue: School Multiplus

Each artwork on display represents not just technical skill, but also embodies our students' artistic journey of exploration and self-expression. This exhibition offers a wonderful opportunity to witness how young minds interpret and transform basic artistic elements into powerful visual statements.

We cordially invite you to join us in celebrating these young artists. Your presence will greatly encourage our students and acknowledge their creative achievements.
