Dear Parents/Students,

SUBJECT: COLLABORATION WITH LIFOLOGY - Developing a written plan about Career, Course and University

Greetings and good wishes from The Westminster School – Dubai!

We are delighted to announce an enriching collaboration with **Lifology**, a Guinness World Record-holding and Times Award-winning, career guidance organization. As part of this collaboration, all our students have attended the AI-powered career aptitude assessment test at school for free. The career aptitude tests are designed to guide you in making informed subject choices as you progress to the next stage of your educational and career journey. These tests will enable you to explore your strengths, identify areas for improvement, and work towards achieving your goals effectively.

***Key Highlight**:* This program is offered **completely free of charge** for all students.

- Step one: Visit gems.lifology.com
- Step two: Sign up using your GEMS Email ID
- Step three: Set up your short profile
- Step four: Complete both assessments (Click on the icons: 'Take Personality Assessment' followed by 'Take Aptitude Assessment')
- Step five: Once you have completed both assessments, you can access your report from the 'Get your Report' tab.
- Step six: If you are interested in getting support from a Career Coach to make the right decision, you can express your interest in the last box. The team shall connect you with further details.

As a next step to ensure the comprehensive development of our students, we believe, they need to have a **clear plan about their future careers**. Such a plan does not only provide them with vision but also

(a) motivate them to focus more on academics and grades
(b) encourages them to be disciplined in life
(c) inspires them to plan early to get into the right universities.

To provide them with such an opportunity, we have decided to organize a gamified **International Career Clinic** (ICC) by Lifology at our school. The program shall help your child end up with a written plan about

a) which career to choose
b) which course to pursue
c) the spectrum of universities to aspire for.

Contd . . 2

The ICC comes with a very comprehensive framework with four key deliverables:

- **1-day Interactive Workshop at School**: Your child will engage in a one-day gamified workshop at our school to craft a strategic written plan for their career and educational path. If we get the required number of students we can start in school or the centre will be notified to you by email.
- **1:1 Personalized Career Counselling**: A dedicated 1:1 session follows to fine-tune their career strategy based on individual assessment outcomes.
- **Harvard Manage Mentor Certification**: Through this program, your child gains access to exclusive materials crafted by the professors at **Harvard University** and earns a respected certification from **Harvard Business Publishing**, adding a prestigious credential to their portfolio.
- **3 Global Masterclasses:** Opportunity to attend 3 live masterclasses by experts from the USA and Australia.

All the above 4 deliverables come with a very interesting price of just **AED 200 for The Westminster Students Only.** The detailed document of this program is attached herewith.

For students eager to chart a path to success, ***we encourage you to register your interest by clicking the link.*** The link will close by the 5th of December 2024 and the date of the workshop will be communicated shortly.

Should you have any questions or require further information, please do not hesitate to reach out to lali.m_tws@gemsedu.com

We look forward to starting this exciting journey with you.

Best Regards,

Grace Aluoka
Assistant Principal – Secondary School & Sixth Form
