### Principal's Welcome Message

Welcome to the Parent Handbook for The Westminster School, Dubai. In the following pages you will find a wealth of information that will hopefully help you support your child as he or she passes through the school. Please take some time to familiarise yourself with the handbook as it should answer many of the questions you may have now or in the future.

We have tried to include everything that we think will be useful to parents but if you think there is something we have missed then please do let us know. We always value parents' feedback and will always use it to help make our school better for our children. We read everything you send us and normally reply personally within 48 hours. If you are not sure of the best way to contact us, then read on – you will surely find your answer in the following pages!

At The Westminster School, Dubai, we believe in working in partnership with parents as it is only when we are working together that our children get the best possible education. I stand at the school gate every morning to welcome your children to school so please do feel free to say 'good morning' or stop for a quick chat. For more complex issues I suggest that you take an appointment so that we can speak undisturbed inside the building.

Whether you are a new parent or have had children in the school for many years, I very much look forward to working with you over the coming year. I wish you and your children all the very best for this academic year.

**Carl Roberts** 

**Executive Principal/CEO**

#### **PARENT COUNCIL**

The Parent Council plays an important role in bringing a student's home and school together for their holistic development. As a result, we initiated the process of forming our first 'Parent Council' in the different sections of the school. The first Parent Council started functioning from March 2021 and Parent representatives have successfully taken the lead at various levels. Since January 2025, they have been effectively running the official and school recognized Year level WhatsApp groups, to ensure that official school communication is shared in a timely manner.

The position of the Chairperson is decided through a voting system. He/she is responsible to liaise with the school and parent community and working effectively towards enhancing a positive change across the school community. The school leader and the Parent Council work together in planning towards the progress of the students and the school. Along with this, the parent council will also be part of assisting new and existing parents with ideas and suggestions for any concerns they might have.

## **Roles and Responsibilities of Parent Class Representatives**

- To act as the voice of the class connecting with the teacher and the parent community to support the school and strengthen the system.
- > To bring positive suggestions across the table which will help further to strengthen the school.
- > Learning begins (and continues) at home. A Parent is the first teacher of a child.
- Support events and activities in school.
- A member from the Parent Council will be selected to be part of the Local Advisory Board and will work withthe Senior Management team on the School Improvement Plan.

## **Ground Rules for the Parent Council**

- Decide on a Chairperson for the council.
- Ensure meetings start on time let the Chairperson know if you are going to be late or cannot attend.
- Stick to the agenda if there is anything you would particularly like to discuss, speak to the Chairperson for an item on the agenda.
- Support the group and work as a team everyone's contribution is important.
- Listen to each other and respect each other's point of view.
- > Discourage domination by one or a few members and encourage quieter members to take part.

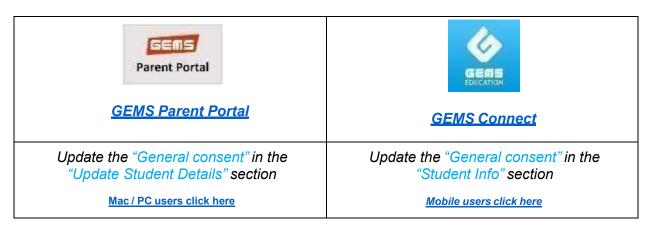

- Aim towards constructive discussion and decisions try not to get 'personal'. If you disagree with someone, make clear it is their point of view you disagree with rather than them as an individual.
- Minutes of meetings to be shared with the school with action points.
- Act as the 'admin' for the Year level WhatsApp groups and post Circulars and other school initiated information in a timely manner in collaboration with the school's Parent Relations Executive (PRE).

It is important to remember that the Parent Council cannot discuss matters relating to individual parents, children or staff members for reasons of confidentiality.

## **SCHOOL TRANSPORT SERVICES (STS)**

Bus transport for students is an outsourced service provided by School Transport Services LLC (STS) to provide quality and safe service as per the local transport authority's regulations. Please click the link for details regarding STS policy. Please access <a href="http://www.sts-group.com">http://www.sts-group.com</a> for the Terms and Conditions of service as well as all other relevant information.

### Safety Regulations to Be Followed for Use of Transport

An 'Identity Card' is issued to each student and it is mandatory for students to carry ID cards and get them scanned while boarding and de-boarding the buses. To ensure the safety of students, STS has issued Guardian Cardsto all students of Year 6 and below. It is obligatory for the parent to be personally present or to arrange for an authorized person to receive the student, by presenting the Guardian Card at the residence or drop off point, on the following conditions:

- It is mandatory that an adult with the Guardian Card is present to collect the students of Years 1 to 3. In certain cases, parents advise the bus staff from their balconies / residence to drop the students; in such cases the parent has to give an undertaking that it is acceptable to them to drop off the students if they are visible to the bus staff. If such an undertaking is not given and an adult is not available to receive the students, they will be brought back to the school. If Years 1 to 3 students have older siblings (Years 4 and above) travelling with them and an undertaking has been given that they can be dropped in the care of their older sibling, this will be done.
- 2. If the students of Years 4 to 6 are dropped without an adult, parents should sign a consent form accordingly.
- 3. If the conditions stated above are not strictly followed by any parent, the students will be brought back to school, and it would be the responsibility of the parents to collect the students from the school.
- 4. If the conditions stated above are not strictly followed by any parent, the students will be brought back to school, and it would be the responsibility of the parents to collect the students from the school. In such cases STS will charge the parents AED 20/- per hour, per student for taking care of the students at the school.
- 5. Students are expected to adhere and follow all the safety protocols each time he/she boards a school bus in accordance with the bus behavior code. Any student whose conduct is objectionable and/or offensive on the bus will, in the first instance, be verbally warned by the academic and/or operations supervisor. In the absence of any change in conduct the student may be suspended from using the school transport temporarily or permanently.
- 6. All behavior and/or safety related concerns will be reported to the bus guardians and respective head of Pastorals followed by warning notifications that will be sent from the school management which will result in temporary or permanent withdrawal/cancelations of STS bus services.

To ensure their own safety, as well as to avoid problems arising from use of school transport, students should keep in mind the following points:

- 1. The bus pick up/drop off point cannot be changed without prior intimation or approval.
- 2. Students must return home by the assigned bus on which they come to school.

On any occasion if the parents / guardians want to collect their student from School who normally travel by

bus,they should do so before 12:00 P.M. after HOP/Key Stage Leader's permission and approval is obtained. They (parents/ guardians) should not collect their children from the bus without prior approval of the HOP/Key StageLeader. Parents are advised to check on the availability of the school bus service before they move to a new locality.
